---

Two events of the highest level are on the program for this month of September 2022 at the Haras National du Pin, in two spectacular disciplines, eventing and driving...

### Eventing

From September 1st to 4th, the French top level couples (Pro Elite) will compete in the fifth and last leg of the Grand National de Concours Complet, a circuit of excellence which celebrates its 15th anniversary this year!

Two weeks before the World championship in Pratoni del Vivaro in Italy, the best couples, not selected for the world championship, will do their best to shine in the eyes of the federal team in order to be selected for one of the international events at the end of the season in Boekelo, Kronenberg (NED), Strzegom (POL), Chateaubriant, Le Lion d'Angers, or Pau (FRA).

Also competing during these four days, the best Norman riders of the discipline, in Amateur 1, 2 and Elite categories, will do their utmost to win the title of regional champion, while the Pro 3 and Pro 4 riders will try to reach the top of their category. The seven year old horses, future hopes of the discipline, will also be present to compete in the final of their national championship.

### Driving

From September 14th to 18th, after having hosted the World Pony Driving Championships in September 2021, the Haras National du Pin will host the Driving World Championships for singles. This confrontation at the highest level in the world brings together about 80 drivers from fifteen nations, and a hundred horses. The titles of individual world champion and team world champion will be awarded at the end of the three events on Sunday, September 18th.
